

ITEM	QTY	DESCRIPTION	MANUFACTURER	MODEL	OPTIONS & SPECIAL DETAILS	AED
		BASEMENT 1				
B1.01.0		BAKERY				
B1.01.01	1	Insect control unit	MGK Or equal and approved	Insect Trap EF100	390mm x 65mm 268mm high Stainless steel finish Minimum effective area 100m² 16w watt light output Splash proof Glue board	
B1.01.02	1	Hand wash basin	Specialist fabricator	Bespoke	Unit to be incorporated within workbench item B1.01.23 300mm diameter x 150mm deep wash hand basin Local anti drip moulding to wash hand basin 150mm upstand to all wall faces and adjacent sinks. Battery-operated infra-red tap with pre-mixer valve for basin Integral soap dispenser and wall mounted towel dispenser. Below hand wash sink to be a drop down waste bin with flap gate and bottom hinged door with refuse bin on inside face. Bin to be easily removable and interior to be easily accessible for cleaning.	
B1.01.03	1	Floor gully	DK Resources intl.Ltd Or equal and approved	Bespoke	Approximately 300mm long x 300 mm wide Builders work requirements and setting out of the floor recess to be coordinated with the Consultant 2.5mm thick stainless steel continuously welded pan Provide 2.5mm thick lift out stainless steel grate Base laid to falls Support frame to be anchored into the adjacent floor. Integral removable food strainer	
B1.01.04	1	Mobile waste bin	Saint Romain Or equal and approved	SR100	450mm diameter x 780mm high Foot operated polyethylene bin. With lid and handles 110 litre capacity Four (4) castors	
B1.01.05	6	Cooling rack	HUPFER Or equal and approved	RWG/20B	553mm wide x 696mm deep x 1817mm high Stainless steel construction 20 baking tray capacity 75mm pitch 100kg load capacity Four (4) castors – Two (2) braked	
B1.01.06	1	3 door refrigerated counter	Precision Or equal and approved	RBCU 364	2030mm wide x 790mm deep x 860mm high 600 litre capacity Operating temperature -5/+5°C Stainless steel exterior and interior Single phase electrical supply To be supplied complete with (15) no. tray slides for bakery sheets (600x400) Four (4) castors, two (2) braked R134a refrigerant	
B1.01.07	1	Proofer	Sveba Dahlen Or equal and approved	Smartbox 400	600mm wide x 870mm deep x 2160mm high Controlled fermentation 26 tray capacity (600mmx400mm) Shelf pitch 72mm Single phase electrical supply Stainless steel construction R134a refrigerant Four (4) castors – two (2) braked	
B1.01.08	1	Water chiller/Doser	Castel MAC Or equal and approved	Rapidmac 50 +Dosamix	1200mm W x 600mm D x 600mm high Water chilling output: 180 L/h, from +18°C down to +3°C Control panel functions: Temperature regulation Water discharge Warm/cold water selection External finishing in stainless steel AISI 304 Remote condenser	
B1.01.09	1	40 l Planetary mixer	Ferneto Or equal and approved	BTF-040i	600mm wide x 950mm deep x 1340mm high 40 litre capacity bowl Stainless steel construction Automatic control Floor standing Variable speed control 1.5 kW - Three phase electrical supply Timer One (1) 20 litre stainless steel bowl One (1) 20 litre beater One (1) 20 litre whip
